

Permit Endorsement Application (General)

I hereby request that an annual Rehabilitation Permit Endorsement be issued to me. I understand that the conditions of the Permit Endorsement are as follows:-

1. I must have adequate housing facilities and equipment to care for the flying fox or Microbat that I will be rehabilitating in accordance with the ***Code of Practice – Care and rehabilitation of orphaned, sick and injured protected animals by wildlife care volunteers*** (“Code of Practice”) under the Nature Conservation Act 1992 and/or as listed in the relevant training material provided by BATS QLD.
2. I must have completed a relevant training workshop.
3. I must undergo vaccination against the Australian Bat Lyssavirus and maintain satisfactory titre levels in accordance with Clause 4.2(i) of the *Code of Practice*. I understand that BATS QLD takes no responsibility for ensuring I am sufficiently protected against the Australian Bat Lyssavirus.
4. I must maintain and submit weekly Rescue/Carer Records and I confirm that I have no Rescue/Carer Records currently outstanding.
5. I understand and acknowledge that the decision on this application by the BATS QLD Executive Committee is based on my completed training, experience, knowledge, facilities and the demand for rehabilitators in the region I reside.
6. Should I require a Permit Endorsement for an increased number of animals, I must make application to BATS QLD and explain the need to have my Permit increased.
7. I agree to the BATS QLD Executive Committee discussing my application with Department of Environment and Heritage Protection (EHP), the RSPCA (Queensland), and/or other relevant wildlife organisations which I may work with (e.g. Australia Zoo Wildlife Hospital, Currumbin Wildlife Hospital or other wildlife care groups to which I am/have been a member).

BATS QLD

Rehabilitation Permit Endorsement Conditions

Bats Qld active members must complete the full course of vaccinations against the Australian Bat Lyssavirus and maintain satisfactory titre levels.

Bats Qld active members must successfully complete all relevant training courses specific to flying foxes/micro bats that they are rehabilitating.

Bats Qld active members must have adequate housing facilities and equipment to care for flying foxes/micro bats that they hold for rehabilitation.

Bats Qld active members must ensure that whilst they have flying foxes/micro bats in their care, it is their responsibility to ensure that no non-vaccinated people will have contact or access with the flying foxes/micro bats.

Bats Qld members must complete and submit carer records as set down by Bats Qld weekly for orphans and/or rehabilitation flying foxes/micro bats.

Bats Qld members must acknowledge that flying foxes/micro bats entered into the Wildman system are covered by Bats Qld.

Bats Qld members must acknowledge that only the flying foxes/micro bats entered into the Wildman system are covered by Bats Qld upon entering crèche.

Bats Qld members must abide by all Rules and Regulations as set down by Bats Qld.

Please provide details of other REHABILITATION PERMITS that you hold from other wildlife care organisations or directly from EHP. (Do not include Recreational Permits/Licences)
